## ZAM 200 BL DOUBLE

## TWO-WAY TIPPING DUMPER ZAM 200 BL DOUBLE VAT

### Standard equipment:

AISI 304 floureshed stainless steel body.  
Hydraulic two-way tipping system. Independent vats

Watertight extension on right side with  
Hydraulic opening and PVC covering.

Cantilever leaf spring suspensions.

Regulating connecting rod.

Braking system control (pneumatic brake).

Industrial axles (10 studs);  
self-steering front/rear axles.

Stainless steel light bar.

PVC canister H2O. PVC mudguard.

Hydraulic parking stand. PVC toolbox.

### On demand:

Hydraulic opening of the double side extension

Electro-hydraulic unit with remote radio control.

Stainless steel pull-out middle pole.

Steering adjuster.

PVC manual covering.

Hydraulic side covering.

Monitor/camera kit. Special draw bar eye for export.

## TWO-WAY DUMPER ZAM 120 BL / ZAM 140 BL

### Standard equipment:

AISI 304 floureshed stainless steel body.  
Hydraulic two-way tipping system.

**Mod. 120 BL ECO** standard: Manual parking stand, fixed axles, **without hydraulic sides**. Cantilever leaf spring suspensions with rod. PVC mudguard and toolbox. Galvanised light bar.

Other standard models:  
Watertight extension on the right side with hydraulic opening and PVC cover.  
Cantilever leaf spring suspensions with rod.  
Braking system control with pneumatic brakes.  
Self-steering rear axle.  
Stainless steel light bar.  
PVC canister H2O. PVC mudguards.  
Hydraulic parking stand. PVC toolbox.  
Side extension H 48 cm.

### On demand:

Hydraulic opening of the double side extension.  
Electro-hydraulic unit with remote radio control.  
Stainless steel pull-out middle pole.  
Steering adjuster. PVC manual covering.  
Hydraulic side covering.  
Monitor/camera kit. Special draw bar eye for export.  
ZAM 120 ECO hydraulic parking stand.

ZAM 60 BL

Our engineering department designs using 3D software "Grape trailers" personalized models. They are tested according to Italian and European rules.

## TWO-WAY DUMPER ZAM 60 BL

### Standard equipment:

- AISI 304 floureshed stainless steel body.
- Hydraulic two-way tipping system.
- Fixed sides (**without hydraulic two-way side**).
- Stainless steel light PVC canister H20.
- PVC mudguard. Cranking parking stand.
- PVC Toolbox.

### On demand:

- Pull-out middle pipe. PVC manual covering.
- Special draw bar eye for export.
